**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I love SONIC. I cannot stand ATT, the "other" option. SONIC gave me the option to have an option.

That's competition I can get behind. There is no way in hell I can exercise my rights as a consumer in a market dominated by a single provider.

It's super simple.

At this point, internet is no longer a luxury: it's woven into the fabric of all communications. Frankly, I think it should become municipalized. But until, and unless that happens, I want companies competing with each other in the marketplace because that means they will be on better behavior.

I personally really like SONIC. They have human beings on the phone in this region who are helpful and available. AT&T does not.

So. Don't mess with the marketplace. I support SONIC and I want you, to as well.
